

Our goal is, to make this site and its content available to elderly people and to people with disability.

The use of Google Maps facilitates the location of finding the place that you are looking for. As an alternative there is a search text on the right side of the page. Each content can be found by using both systems.

We are of course aware of the fact, that the accessibility of this page can still be improved and we are working on it. Your comments or suggestions of how we can change something for the better are always welcome, please get in touch with us.

In case that you cannot use the option to enlarge or downsize the font size (located at the top right of the page), you can use change the settings of your browser, as follows:

1. Internet Explorer: View > text size > (large/ medium/ small)
2. Firefox: Tools > Options > Content > font size

We recommend the following versions of browsers, in order for you to take advantage of the latest web standards for a pleasurable and enhanced browsing experience: Internet Explorer 7.0+, Firefox 3.0+, Google Chrome, Safari 5.0+, Opera 9.0+

You can also explore this site by using other browsers. Despite the fact that colours and the menu alignment might get distorted, your access to our information should not be affected.
